CSSG TASKING 2006-02

Date Issued 1/31/06

Task Title: CSSG Recommendation on Internet Availability of Criticality Safety

Related Reports

<u>Task Statement:</u> The CSSG is requested to identify the reports or types of reports documenting criticality safety related research that should be available as full documents on the LLNL NCSP website or as a link from that site per the inquiry from EH in support of the DOE Nuclear Safety Research program.

<u>Task Deliverable</u>: Written response and recommendation to the NCSP Manager.

Task Due: March 30, 2006
